

The Unleash the Full Potential of Your Nursing Team Workshop has moved to Box Hill Institute , 465 Edgar Road Box Hill and will now be held on the 14th and 15th of May 2010.

Vet Focus's annual Melbourne Workshop has changed its venue and dates. Director Simone Fitzsimon, who is also the business lecturer for this event, hopes the new venue will suit all attendants and even though the date change was unavoidable she is certain that the new dates will benefit everyone involved.

A 10% Discount is now available for early birds registering before 12th April 2010

Educational Update

Anita Parkin is one of the very few Veterinary Nurses in Australia to be able to award Veterinary Technician Specialty CE points to nurses wanting to further their careers and experience by obtaining their VTS in a range of Veterinary Nursing fields including Anesthesiology, Critical Care, Surgery and Pain Management. VTS CE points and VNCA CE Points will be awarded after every lecture given by Anita Parkin.

For more information on advancing your nursing career as a specialist go to <http://www.navta.net/index.php>

Late Breaking News

Anita Parkin, one of two Australian veterinary nurses qualified as an Anesthesia Specialist Technician will be giving a private lecture on Advanced Patient Monitoring at the Southern Animal Referral Centre, 248 Wickham Rd, Highett on Friday the 9th of April 2010 from 10am to 12noon.

Anita will cover how to best use and interpret monitoring parameters to safely and effectively manage the patient. Anita will also cover a range of interventions and strategies to effectively manage patients with parameters outside normal limits.

This lecture will cover:

- multiparameter monitoring
- doppler
- ECG
- capnography

The seminar will cover tips and techniques to lay solid groundwork, as well as advanced information for the most experienced nurses. After the seminar, nurses are invited to stay for light refreshments and to chat with Anita.
